The allotment admissible to this Department is Rs.92 per mensem or 1,104 per annum as observed above. The allotment of Rs.1,359 previously intimated was due to a clerical error which is regretted was not noticed in time for correction before the proposals went up to Government.

I should like to make one or two general observations in regard to these proposition statements. I think it is necessary to have some general rules for dealing with these proposals. Otherwise the rates and scales of pay will not follow any general plan. I believe Government expected that if freedom in readjusting rates of pay was given to Heads of Departments and offices, they would submit proposals for revision which would produce contentment as far as possible among the officials and also effect savings. This expectation in regard to savings will not be realised as the Heads of Departments and offices are not disposed to leave unutilised a single anna of the amount held at their disposal by the Comptroller. The case now under consideration is the best proof of this disposition.

It is necessary to decide if compensation for dearness of living should continue to be given to officers in respect of pay of above Rs.100. Considering our resources, I am of opinion that the relief should not extend beyond officials in respect of a pay of Rs.100.

As regards persons drawing Rs.100 and less, it is necessary to adopt some general rule for fixing their rates of pay in which the High Prices allowance should be merged. The rates of High Prices allowance admissible under the existing orders to all classes of officials, superior and inferior and

NOTE—Contn. sheet.

3/13ths

8/13ths of such rates are as under:-

Present rates.		8/13ths of present rates.
Rs.10	...	Rs.6- 2- 5.
Rs. 8	...	Rs.4-14- 9.
Rs. 7	...	Rs.4- 4-11.
Rs. 6	...	Rs.3-11- 1.
Rs. 5	...	Rs.3- 1- 2.

Six is an inconvenient figure for regulating rates of pay. 8/13ths of the rate of Rs.8 is nearly Rs.5. Rs.8 and Rs.10 are the rates now allowable to superior servants and It seems to me therefore that the share of High Prices allowances to be merged in pay may uniformly be fixed at Rs.5 in the case of all superior servants. The rates of High Prices allowance now allowed to inferior service are considered somewhat high and in view of the 8/13ths of the rates of Rs.7, Rs.6 and Rs.5, noted above I would propose a uniform rate of Rs.3 in the case of all inferior whole time servants.

Attention is invited to the Comptroller's note placed in the file, from which it will be seen that 8/13ths of the present total High Prices allowance ~~allowable to~~ this Department is Rs.92 and not Rs.113-4-. If the total of the additions allowed for any office in the form of increased pay according to the rates suggested above happens to be less than 8/13ths of the present expenditure on High Prices allowances, there ought to be no claim on the part of ~~the office~~ any Department to use up the difference. If any in particular cases ~~any~~ any further readjustment than the fix-

Submitted to His Highness.

...

In Government Order dated the 15th June 1921 Heads of Departments were requested to submit revision proposals for absorbing High Price Allowances in pay within the reduced allotment placed at their disposal.

2. In connection with the disposal of the proposition statement submitted by the Meteorological Reporter the Financial Secretary has, in his note dated the 23rd August 1921, pointed out the necessity for settling the general lines on which the revision proposals should be examined and disposed of, and suggested certain principles

3. The general question has been discussed at a meeting of the Council held on 1st September 1921 and the following resolution arrived at -

"The proposition statements may be dealt with on the general lines indicated below:-

No increase need be given to officers drawing above Rs.100. In the case of those drawing less, salaries may be increased as follows:-

The Palace, Mysore,

My dear Sir,

I am directed to return file No. 195 dated 9th Instant, and to make the following suggestions :-

(1) a distinction may be made between menials drawing Rs 5/- and less, and menials on higher pay. The former may be given only Rs 2/- and the latter, Rs 3/-

(2) a distinction may be made in the case of the Police and the Military by giving them a higher increase of pay. It seems to His Highness a matter of great importance at the present juncture that the rank and file of the Police and the Military should be made as contented as possible, so as to make recruitment easy and both the services popular.

His Highness will be glad if you would kindly reconsider your proposals with reference to the above

NOTE—Contn. sheet.

The following note is submitted for reconsidering the question of the share of the present scale of High Price Allowance to be continued as pay, on the lines laid down in the D.O. letter of the 12th September 1921 from the Private Secretary to His Highness.

It is proposed to allow to the Military and Police Departments a higher rate of the allowance than to the other Departments. What increases should be allowed and how the resulting extra cost should be met are points to be settled. As regards the former point, I believe, it is under consideration of Government to revise the existing Silladari arrangements and pending settlement of this question the existing scale of High Price allowance may be continued as such. This arrangement while ensuring to the men their existing emoluments, will leave to Government freedom for effecting any readjustments in salaries which may eventually be found necessary. For these reasons, it is not desirable in the meantime to apply to the case of these two cavalry regiments the arrangement of merging High Prices allowance in pay.

As regards the Police Department, the Imperial Service Corps and the Infantry Regiments, a higher scale of allowance than that proposed in the Council Resolution of the 1st September 1921 has to be given and the enhanced scale may be uniformaly fixed at Re. 1 more than in the case of other Departments.

NOTE—Contn. sheet.

Serial No.

In the Police and Military Departments, there are the office staffs and those employed upon Grass and Stud Farms and Stores. Strictly members of these staffs should not be shewn higher consideration than that allowed to similar staffs in all other Departments. At the same time it may not be desirable to draw distinctions in the emoluments of officers of more or less similar position in the same Department and for this reason, the same scale of allowance as may be given to the executive or combatant staffs may be allowed ~~purely~~ to the above staffs also.

The enhanced rates to be allowed to the Military and Police Departments increases expenditure and upsets the budget. There is absolutely no means of finding extra to the budget for meeting the increase demand on this account. It is therefore necessary to effect savings on grants included in the budget for other purposes.

A statement shewing the budget provision and the c cost of High Prices allowances according to the above proposals is put up. The excess is about Rs. 3 -- lakhs, and it is the result of the omission to provide for this expenditure in the Village School Fund budget and to the increases now proposed to be given to the Police and Military Departments. In the file on the additional grant required by the Village -- School Fund, I have suggested that the excess should be found within the Education Budget. There is no alternative but to find not less than Rs. 2 lakhs

17)

Serial No.

from that budget. The balance of about Rs. 1 lakh must naturally be found between the Police and Military Departments. It may not however be possible to find any amount from the Police budget. In the Military budget, the following items have to be diverted for meeting the present demand:

5. Barr- Cost of free kits	Rs.	18,000
6. Grass Farms-Improvementsoto farms		5,000
Improvements to Amrut Mahal Kavals		11,589
7. Kunigal Stud Farm-Purchase of stock		10,000
12. Military Works-7 blocks of Barr Seapoys Huts at Tumkur/Sheds for cows and calves in the Stud Farm Kunigal		13,000
		6,000
Permanent structure for Mysore Horse near Oddarpalya		20,000
Sergeant Instructors quarters.		10,000
Temporary Barr Lines		6,000
Total .	Rs.	99,589.

I do not know what part of the above grants remains untilised and what part can be used for this purpose. For finding the balance, I cannot think of suggesting any other means than that of reducing the grants for Bangalore City, Mysore City and Sanitary Improvements for which a grant of Rs. 2,75,000 is included in the budget.

Final Note by the First Member of Council.

Subject:— *Proposals for granting permanent increases of pay in lieu of consolidated high price allowances.*

The question of reducing the present scale of high prices allowances was re-considered by the Council on the 21st September 1921 in the light of the orders of His Highness communicated in Mr. Campbell's D.O. letter No.66 dated the 12th September 1921. It was resolved that the proposals in the Council resolution of 1st September 1921 may be modified as follows:-

(1) The Cavalry regiments to continue to get the present allowances pending their re-organization.

(2) The Infantry regiments, The Imperial Service Transport Corps and the Police to be given allowances at one rupee more than what is proposed to be paid to officers of corresponding pay in the Civil Departments.

(3) These additions to be treated as allowances counting for leave allowances and pension.

The above scheme involves an additional cost of about Rs.3 lakhs as calculated by the Financial Secretary in his note dated 17th September 1921 and the Council approves of such additional cost being incurred on the understanding that the amount should be met by effecting retrenchments in the Education and Military Departments on the lines indicated in his note or in any other Departments.

I solicit the gracious approval of His Highness for giving effect to the resolution of the Council.

D. O. No.225/ with a file

My dear Sirdar Kantaraj Urs,

I have gone through the file relating to the continuance of the high price allowance to the Military, and after an informal consultation with the Chief Commandant I find that only about Rs.21,000 as noted in the margin can be easily spared while the Financial Secretary expects a savings of Rs.99,000 in the Military Department.

1. Barr -Cost of free Kits-	Rs. 5,000
6. Grass Farms -Improvements to farms .	2,000
Improvement of A.M.Kavals -	8,000
Kunigal Stud Farm- Sheds for cows and calves -	6,000

In view of the great necessity that urgently exists for quarters for both the sepoys and the sowars and the urgent improvements needed for the existing buildings I am not for foregoing any sums noted by the Financial Secretary under 12, Military Works. The D.P.W. authorities who are responsible for spending the amounts

have been asked by the Chief Commandant to state what sums can be spared by them out of the allotments, and their reply is awaited.

The Commanding Officer, I.S.L. has already made a reference about these allowances being paid for September and the file may therefore be submitted very early for His Highness' orders.

To

K. Matthan Esq., B.A., ..., Esq.,
Secretary to the Government of Mysore,
Agriculture and Education *Department.*

SIR,

I have the honor to forward herewith duly verified the proposition statement in duplicate relating to the Meteorological Department together with letter No.24 dated 13th July 1921 addressed to you by the Meteorological Reporter. The appointment of Assistant Meteorological reporter on Rs 200-20-300, referred to by the Department in para 2 of the letter, has not been included in the proposed scale.

2. The Department has also included in the proposed scale personal allowances in respect of certain appointments. It is a point for orders whether there is any necessity for these allowances being continued.

3. The proposition involves, without taking into account the extra cost on account of the proposed scale for the Assistant Reporter, an increase of Rs.113-4-0- per mensem or Rs.1,359-0-0 per annum which is the amount allotted to the Department for reorganisation.

I have the honor to be,
Sir,
Your most obedient servant,

Offg: Comptroller.

SUBJECT

Submitting for the orders of Govern-
ment proposals for granting permanent increases of
pay to the staff of the Meteorological
Department in lieu of consolidated al-
lowances hitherto drawn.

No. 24.

From

The Meteorological Reporter,

Mysore Government.

To

The Secretary to the Government of

His Highness the Maharaja of Mysore,

Depts. of Education and Agriculture.

(Through the Comptroller, Mysore Government)

Dated Bangalore, the 13th July 1921.

Sir,

I have the honour to submit for the orders of Government my proposals for granting permanent increases of pay to the staff of the Meteorological Department in lieu of consolidated allowances hitherto drawn, as called for in Government Proceedings No. Fl. C. 1-50/S. & A. 23-20-59 dated Camp, Mysore, 15th June 1921.

2. It will be seen from the accompanying Proposition Statement that I have not proposed any increase of pay to Mr. C. Seshachar, Meteorological Probationer, as he will be appointed Assistant Meteorological Reporter in the grade 200-20-300 after his deputation period is over, i. e., from 1st October 1921, and any increase given to him will have effect only for two months, viz., August and September. As, however, by this arrangement, he will be deprived of two months' increase which he would otherwise have got, I have the honour to request that Government may be pleased to sanction as a special case the continuance of the consolidated allowance of Rs 10/- which he has been drawing, for two months more, viz., August and September.

I have the honour to be,
Sir,
Your most obedient servant,

Ag. Meteorological Reporter,
Mysore Government.
